Advanced Illness Benefit application form

(Parts of this form need to be completed by your treating doctor)

Who we are

Retail Medical Scheme registration number 1176 (referred to as 'the Scheme'), is a non-profit organisation, registered with the Council for Medical Schemes.

Discovery Health (Pty) Ltd (referred to as 'the administrator') is a separate company and an authorised financial services provider (registration number 1997/013480/07). Discovery Health (Pty) Ltd administers Retail Medical Scheme.

Purpose of the form

This form is to apply for palliative care through the Advanced Illness Benefit (AIB) for advanced oncology (cancer) or for non-oncology conditions.

How to complete this form

1. Please use one letter per block, complete in black ink and print clearly.
2. To avoid administration delays, please ensure this application is completed in full and signed by both the doctor and the member (or their proxy).
3. Fill in section 1 to 3 of the application form and sign section 11.
4. Take the form to your treating doctor to complete section 4 to 11. Only applications signed by the treating doctor will be accepted.
5. Please email this completed and signed form to AIB@discovery.co.za
6. The treating doctor and the patient will receive a letter informing them of our decision and what to do next for approved requests.
7. If you wish to appeal a decision or if you have any questions, you may call our call centre.

6. Clinical summary for patients with ADVANCED CANCER ONLY (treating doctor to complete)

Date of assessment

Date of cancer diagnosis ICD-10 code:

Main cancer diagnosis

Current Stage TNM

TX T0 T1 T2 T3 T4 NX N0 N1 N2 N3 MX M0 M1

If other, please specify:

Metastasis Yes No Unknown

Site of Metastasis Bone Brain Liver Lung

If other, please specify:

Previous chemotherapy, radiotherapy and surgical interventions

Four empty horizontal lines for text input.

Number of unplanned admissions in the past 6 months

Seven empty boxes for digit input.

Have you and your patient discussed why you are applying for this benefit at this stage? Yes No

Other relevant clinical information

Four empty horizontal lines for text input.

Treatment intent Palliative Curative

Disease directed treatment ongoing Yes No

If "Yes", provide the type of treatment eg radiotherapy, chemotherapy. Details:

Three empty horizontal lines for text input.

If palliative chemotherapy is planned, provide details of exact intent of treatment, e.g., tumour response, improvement in function, symptom control (please specify). Details:

Three empty horizontal lines for text input.

Treatment start date

Calendar input fields for D, D, M, M, Y, Y, Y, Y.

Planned duration of treatment

Empty box for text input.

If "No", provide the date and details of the last treatment.

Date

Calendar input fields for D, D, M, M, Y, Y, Y, Y.

Details

Three empty horizontal lines for text input.

7. Clinical summary for patients with NON-ONCOLOGY CONDITIONS ONLY (treating doctor to complete)

Date of assessment

Calendar input fields for D, D, M, M, Y, Y, Y, Y.

Date of diagnosis

Calendar input fields for D, D, M, M, Y, Y, Y, Y.

ICD-10 code

Empty box for ICD-10 code input.

Main Diagnosis

Empty box for main diagnosis input.

Number of unplanned admissions in the past 6 months

Seven empty boxes for digit input.

Have you and your patient discussed why you are applying for this benefit at this stage? Yes No

Treatment to date

Four empty horizontal lines for text input.

Other relevant clinical information including any functional classification scoring system related to the condition, e.e, NYHA and pathology results

Treatment intent Palliative Curative

8. Performance status (treating doctor to complete for patients ≥ 16 years)*

Current Performance Status*		Performance Status 6 Months Ago*	
ECOG Performance Status ¹		ECOG Performance Status ¹	
Karnofsky Performance Scale ²		Karnofsky Performance Scale ²	

*Refer to page 5 for more information

ECOG Performance Status ¹	Karnofsky Performance Status ²
0 — Fully active, able to carry on all pre-disease performance without restriction	100 — Normal, no complaints; no evidence of disease 90 — Able to carry on normal activity; minor signs or symptoms of disease
1 — Restricted in physically strenuous activity but ambulatory and able to carry out work of a light or sedentary nature, e.g. light house work, office work	80 — Normal activity with effort, some signs or symptoms of disease 70 — Cares for self but unable to carry on normal activity or to do active work
2 — Ambulatory and capable of all self-care but unable to carry out any work activities; up and about more than 50% of waking hours	60 — Requires occasional assistance but is able to care for most of personal needs 50 — Requires considerable assistance and frequent medical care
3 — Capable of only limited self-care; confined to bed or chair more than 50% of waking hours	40 — Disabled; requires special care and assistance 30 — Severely disabled; hospitalisation is indicated although death not imminent
4 — Completely disabled; cannot carry on any self-care; totally confined to bed or chair	20 — Very ill; hospitalisation and active supportive care necessary 10 — Moribund
5 — Dead	0 — Dead

Karnofsky Performance Status (recipient age ≥ 16 years)²	Lansky Scale (recipient age ≥ 1 year and < 16 years)³
Able to carry on normal activity, no special care is needed	Able to carry on normal activity, no special care is needed
100 — Normal, no complaints; no evidence of disease	100 — Fully active
90 — Able to carry on normal activity; minor signs or symptoms of disease	90 — Minor restriction in physically strenuous play
80 — Normal activity with effort; some signs or symptoms of disease	80 — Restricted in strenuous play, tires more easily, otherwise active
Unable to work, able to live at home, cares for most personal needs, a varying amount of assistance is needed	Mild to moderate restriction
70 — Cares for self but unable to carry on normal activity or to do active work	70 — Both greater restrictions of, and less time spent in active play
60 — Requires occasional assistance but is able to care for most of personal needs	60 — Ambulatory up to 50% of time, limited active play with assistance/supervision
50 — Requires considerable assistance and frequent medical care	50 — Considerable assistance required for any active play, fully able to engage in quiet play
Unable to care for self, requires equivalent of institutional or hospital care, disease may be progressing rapidly	Moderate to severe restriction
40 — Disabled, requires special care and assistance	40 — Able to initiate quiet activities
30 — Severely disabled, hospitalisation is indicated, although death not imminent	30 — Needs considerable assistance for quiet activity
20 — Very ill, hospitalisation and active supportive care necessary	20 — Limited to very passive activity initiated by others (e.g. TV)
10 — Moribund, fatal process progressing rapidly	10 — Completely disabled, not even passive play
