

## The Trauma Recovery Extender Benefit

### Who we are

Retail Medical Scheme (referred to as 'the Scheme'), registration number 1176, is a non-profit organisation, registered with the Council for Medical Schemes.

Discovery Health (Pty) Ltd (referred to as "the Administrator"), (registration number 1997/013480/07), is a separate company who is registered as an authorised financial services provider. Discovery Health (Pty) Ltd, administers the Retail Medical Scheme.

### Contact us

You can call us on **0860 101 252** or visit [www.retailmedicalscheme.co.za](http://www.retailmedicalscheme.co.za) for more information.

### About this document

This document tells you about the Trauma Recovery Extender Benefit. Read further to understand how the benefit works, which healthcare services are covered and details about the criteria that applies to qualify for the benefit.

### The Trauma Recovery Extender Benefit (TREB) helps extend your day-to-day cover

The TREB helps to preserve the funds in your day-to-day benefits after certain traumatic events by giving you access to additional cover for certain day-to-day treatment after you are discharged from hospital. The benefit pays the day-to-day medical care costs of the traumatic event in the year it happened and in the year after it happened, without using the funds in your day-to-day benefits.

You have to be a member of the Scheme at the time that the trauma happens to qualify for cover from the TREB. You will not qualify for the TREB if the traumatic event happened in a previous benefit year while you were a member of another medical scheme.

The benefit covers only the claims for the member who is registered for the benefit and claims that are related to the original diagnosis after the specific trauma.

## You must meet the clinical entry criteria to access cover on the Trauma Recovery Extender Benefit

The TREB extends your cover for certain day-to-day medical costs resulting from any of the following:

Trauma condition	To qualify for the benefit (clinical entry criteria)
Crime-related injury Conditions related to a near-drowning Poisoning Severe anaphylactic (allergic) reaction	The condition must require an ICU stay of five days or more.
Paraplegia (paralysis of the lower half of the body affecting both legs, for example due to blunt force injury to the spinal cord) and Quadriplegia (paralysis of both arms and legs, for example due to blunt force injury to the spinal cord)	Severe lessening of the strength or effectiveness of the limbs, shown by loss of reflexes, numbness and loss of motion in the spine. We use Beta or FIMS score indications to measure the severity of the physical trauma.
Severe burns	15% of the surface area must have full thickness burns.
External and internal head injuries	The condition must require an ICU stay of five days or more. We use Beta or FIMS score indications to measure the severity of the physical trauma.
Loss of limb	Trauma-related loss of limb, for example due to direct blunt force trauma.

## You have automatic access to the Trauma Recovery Extender Benefit if you meet the criteria

Members will have automatic access to this benefit if the entry criteria in the table above are met. The benefit will be activated after you have been admitted for one of the specific trauma, the event has been appropriately reviewed and the benefits approved.

## We pay for healthcare services from these allied, therapeutic and psychology healthcare professionals as per the allied cover on your benefit option.

- Acousticians
- Biokineticists
- Chiropractors
